

WEED TWISTER™

Using the Weed Twister™ is easy as 1-2-3.

1. **Point** the coil towards the center of the root. For low profile weeds, such as dandelions, place coil directly atop plant.

2. **Twist** the coil into the soil. Apply pressure as needed, based on soil condition. Moisten soil if dry.

3. **Lift** the Weed Twister™ when roots are loosened. Several weeds may be collected before discarding.

"The wonder tool for weeds!"

- Take the work out of weeding
- No need to pound or dig the soil - just twist
- No need to stoop down to pick up weeds
- No strain on your back and knees
- Easy reach into narrow corners or beneath shrubs
- Even deep roots cannot escape the Weed Twister™
- Lawns love the gentle action of the coiled tines
- Built to last with no moving parts
- Satisfaction guaranteed

The WEED TWISTER™ may not be the only weeder you'll use in your garden, but we believe it will soon become your *favorite* weeder, because of its simple and efficient design. When you just don't feel like stooping down, or when the target is in the middle of a flower bed or lawn, the WEED TWISTER™ will automatically be your ready weapon against the green invaders.

If you have a problem with *crab grass* or other weeds with networked roots, you'll soon discover that nothing gets at those roots *better* than the WEED TWISTER™! Once you've tried it on your most stubborn green enemies, you'll understand why we call it *the Wonder Tool for Weeds™*.

And, of course the WEED TWISTER™ is *ergonomically* safe when compared against chemical alternatives. *Naturally, it's from Ergonica™.*

WEED TWISTER™ Guarantee:

If, for any reason, you are not satisfied with the WEED TWISTER™, you may return it to the manufacturer within 30 days of purchase for a full refund of the purchase price as verified by the original receipt. No other warranty or assurance is implied or expressed.
